

Stretch

Reception counter

ISO 9000 production
1 year warranty

The Stretch counter offers the quickest and easiest way to arrange a reception area. The graphic image is printed on a stretch fabric material and attached to the counter with velcro tape. The image is perfectly stretched out when the counter is erected and stays with the unit during take down and transport. No worries!!

- Quality made for long and repeated use
- Robust construction with excellent stability
- Attractive high-gloss black counter top
- Acrylic inner shelf for brochures
- Padded carrying bag

Item No. 10101

Weight: 10,4 kg / 22.9 lbs
Total height: 1015 mm / 40"
Total width: 1060 mm / 41.7"
Total depth: 400 mm / 15.7"

Ideal for demos and events!

The "more-expo" concept

The "more expo" business concept is to offer economy display products with the best possible quality. Recognizing the growing demand for low price alternatives, we have now established our own organisation in mainland China where we are constantly scanning and evaluating the Asian market to find the most competitive and up-to-date display products manufactured today.

The products chosen will then be further improved and modified to be in line with the "more-expo" requirements for function, design and quality.

During the production process of these products our quality auditors constantly visit the factories to make sure that these products meet or exceed our quality expectations. We also assure that environmental issues are considered and that the products are produced under acceptable working conditions as well.

By purchasing these products in very large quantities, working directly with the factories (no middle-men) and a highly cost efficient distribution system, we can guarantee you the best possible price.
